NEW YORK

1930

100000 fishing boats are an
absolute necessity in order
to produce goods of high
class and to be able to
supply the market. The output of
the fishing industry is
of known quality and price
is perfect. It is necessary
to have a large number of
boats in order to be able to
supply the market. It is
necessary to have a large
number of boats in order to
be able to supply the market.
